Look for QR Codes on our Fliers!

**What is a QR Code?**

QR stands for Quick Response. It is an optical, machine readable label that contains information about the item to which it's attached.
How does a QR Code work?
The code inside the label works to connect users with additional information about specific topics or items. It can quickly link to video, audio or text files. It works very similarly to a barcode you see in the grocery store.

How can I scan a QR code?
It's easy to scan a QR code. Simply take a picture with your smart phone. Tap the notification that appears on your screen. Be sure that your settings allow your device to scan QR codes.

What will our QR codes link to?
Our QR codes will let users dig a little deeper into specific topics of interest. Consider it a "see also" link. We're kicking off our codes in this month! Watch for them in the coming months! Here's a few to get your started!

March Grab & Go Adult Craft

Decoupage Eggs &
Origami Egg Holders

Register Here
Decoupage eggs and origami holders to display your creations! The kit includes 2 plastic eggs (you can easily blow out real eggs and use those), decorative napkins, Mod Podge and a paintbrush. There is also paper and instructions to create 2 origami egg holders. Origami is the art of Japanese paper folding and this project is perfect for beginners! You will be contacted when your bag is ready to pick up. It will be under the table on the right as you enter the lobby. It will be held for one week and then moved on to anyone on the waiting list.

If you need more time or decide not to pick up your bag, please call 789-1550 x4.
